CONSENT TO RECEIVE ELECTRONIC DOCUMENTATION

By your consent, you have agreed to receive Electronic Documentation from us, and as permitted by law, you hereby authorize us to electronically provide any and all documentation (agreements, disclosures, notices, statements, and the like) related to our various products and services that you may from time to time request and/or use. The electronic transmission of such documentation may be conducted in a variety of means such as (a) an electronic message (e-mail) sent to you at the e-mail address specified by you (and/or any other address specified by you); (b) your active retrieval via the Internet by any Internet access means from a specific Internet location (identified by us in an e-mail message sent to you by the Credit Union); (c) by visiting our website, www.scientfcu.org; and/or (d) any other means of electronically providing such documentation.

You understand and agree that your consent will remain in effect until and unless withdrawn by you either in an electronic message sent by you to memberservices@scientfcu.org or by written request for withdrawal of your consent sent by you to the Credit Union at 60 Colver Ave, Groton, CT 06340. Your withdrawal of consent to receive documentation in this manner will take effect within a reasonable time period following the receipt of your request. This authorization does not affect your right to receive such documentation on paper or in a non-electronic form and you may at any time request that any electronically provided documentation will be provided in a paper or non-electronic form.

You agree to immediately provide us with updated contact information in the event that your e-mail address (or any other means you have provided us to contact you) becomes unusable or inaccurate for any reason. You may contact us regarding such changes by e-mail at memberservices@scientfcu.org, by phone at 860-445-1060, in person at our service center, a letter via US mail to 60 Colver Ave, Groton, CT 06340 or securely through our online banking service.

Your acceptance of electronic delivery of documentation requires hardware and software necessary to view/retain documentation in an electronic format. You will need:

- A computer or device with a current/supported Internet browser.
- Current industry standard level of encryption.
- A printer connected to print disclosures.
- Sufficient hard-drive space to save any disclosures.
- An external email address.
- A current version of a program that accurately reads and displays PDF files.

If we revise hardware and software requirements, that would create a material risk that you would not be able to access or retain your Electronic Records, we will notify you of these changes at least thirty days in advance.

NOTICE: Many electronic communications sent and received over the Internet can be and are often intercepted by unauthorized recipients, beyond the control of the Credit Union. By authorizing the delivery of documentation electronically, you understand and agree that, to the extent permitted by law, the Credit Union cannot and will not be liable for any damages incident to the unauthorized receipt of electronic communications sent by or received from you where such unauthorized receipt is beyond the control of the Credit Union.
